

K-love is the only Christian station I listen to. Its programming is wonderful and commercial free. It has the best message going in our troubled world today of peace and love through Jesus Christ. If K-LOVE were to be displaced by an LPFM broadcaster, it could be forced off the air leaving thousands of listeners with a huge void in their Christian support system. I know K-LOVE's service is in the public interest because it provides a consistent, stable, clear message of love and peace in our world today. It keeps us going when everything around us is in turmoil. We all need that constant focus of what life is really all about-love, service, peace,as opposed to power, money , politics and war.
